FORUM EFBM 4.0

RESILIENCE AND SUSTAINABILITY

DEAR COLLEAGUES, FRIENDS, AND PARTNERS

We are pleased to invite you to join FORUM EFBM 4.0 "Resilience & Sustainability" as a participant, co-organiser, sponsor, or media partner. The Forum will take place on 6-9 October 2026 at the Faculty of Economics, Taras Shevchenko National University of Kyiv.

For the fourth time, FORUM EFBM will bring together leading representatives of government, business, the financial sector, international organisations, academia, and the scientific community to shape a shared vision for the future of Ukraine's economy and discuss solutions for sustainable development. The Forum will focus on economic resilience, human capital, the transformation of the labour market in the age of artificial intelligence, university-business collaboration, entrepreneurship support, and the implementation of ESG and sustainability principles.

The Forum will feature highly qualified speakers, including senior government officials, representatives of the National Bank of Ukraine, leading Ukrainian and international companies, financial institutions, international organisations, universities, and professional associations. Through high-level panel discussions, participants will share expertise, strengthen partnerships, and contribute to addressing today's most pressing economic challenges.

Participation in the Forum is free of charge. Research papers presented at the Forum will be published in the electronic Forum Proceedings.

To find out more information about FORUM EFBM 4.0, please visit the official website: <https://www.efbm.org/>.
